

Field Internship opportunities at The Fruit Farm Group

The Fruit Farm Group is an international producer and exporter of fresh fruits active in 7 countries. We grow the most desirable fruit varieties, and serve a global customer base. In our farms, we implement regenerative agriculture practices, striving to work with healthy and living soils.

Our mission is to produce the healthiest food that nature can grow, deliver a positive impact on our environment, and inspire change across the whole food industry.

We are offering exciting internship opportunities for driven individuals in some of our farms abroad (pineapple farms in Costa Rica, banana plantations in Suriname, apple and pears orchards in Argentina).

Roles & Responsibilities:

Depending on your interests and on the needs, you will join the production department, contributing to various workstreams:

- field activities participation, monitoring and planning
- fertilization/spraying programmes reviews and analyses
- regenerative agriculture tests and projects implementation
- operational data analyzes and reporting
- processes mapping and streamlining
- marketing/sales initiatives support
- other operations related activities as defined by the local director

You will directly be exposed to the operations of a farm, and will report to the production manager.

Skills, Qualifications & Attitude

We are looking for a team player, confident and happy to work hard to accomplish a purposeful goal. The below qualifications and skills are also expected:

- Agronomical or related qualifications
- Entrepreneurial and hands-on attitude
- Rigorous and reliable, with strong will to learn
- Happy to live in a remote countryside setting
- Interest in themes such as sustainability, resource efficiency, regenerative or circular business models
- Excellent communication and interpersonal skills
- Strong language skills, in particular English, Dutch and/or French, Spanish
